PROFESSIONAL PROFILE

- I am a researcher and lecturer (Clinical Pathology Consultant) at the Research Institute of Ophthalmology (RIO), Academy of Scientific Research in Egypt and I am the team leader responsible for initiation and running of the newly-initiated stem cell research laboratory in (RIO). Also, I am a board member of the Scientific Research Committee at the RIO. My subspecialty includes Hematology and Clinical Chemistry consultation.
- I have successfully completed Medical Doctorate (MD) of clinical and chemical pathology from Al Azhar Faculty of medicine in 2020 with high academic and practical performance. Master (MSc) had been completed from Kasr Al-Ainy medical school in 2013 with very good grading obtained.
- I had satisfactorily completed the required training, and successfully passed the final exams of the Professional Diploma in Infection Prevention & Control at the Arab Institute for Continuing Professional Development (AICPD), Egyptian Medical Syndicate.
- I have a significant experience of over 8 years in all laboratory work including hematology, clinical chemistry, microbiology, immunology, molecular research and hemato-oncology.

CORE COMPETENCIES

- Superb personal networking and professional communication skills.
- Influencing, leading, and delegating abilities.
- Multitasking – Can handle many assignments.
- Willing to stretch extra hours to complete assigned work.
- Creative thinking, self-motivation, insightfulness, and high commitment.
- Effective Presentation skills and research abilities.
- Tolerant and flexible to different situations and work under pressure.
- Fluent Arabic & very good English reading, writing, listening, and speaking skills
- Efficient usage of Microsoft office tools (word, excel, and power point).

PROFESSIONAL EXPERIENCE

Research Institute of Ophthalmology (RIO), Scientific Research Academy

Researcher and Lecturer, May 2007-present

My responsibility is to formulate and implement all total quality management policies and procedures and ensure that all daily lab work activities are optimal including working staff performance and equipment's efficiency and maintenance, verification and interpretation of patients' laboratory results and communication with clinicians, and performing molecular research studies on ophthalmology patients' samples for diagnostic and prognostic purposes.

Dr_raghda_83@live.com *Mob: +201008141591* Address: Mogwra1, Building23n, New Fustat city, Cairo, Egypt, 17611

Laboratory deputy director and clinical pathologist in:

*El Helal clinical laboratory, Maadi, Cairo, 5/2010-8/2011

*El Nada Hospital, El Manial, Cairo, 3/2009-4/2010

*El Madina clinical laboratories, Syria St, Cairo, 6/2008-10/2009

National Cancer Institute (NCI), Cairo University

Visitor clinical pathologist, 1/2009-6/2009

I was receiving a complete training on different laboratory work methodologies in hematology, clinical chemistry, microbiology, and immunology units of the Clinical Pathology Department of the NCI, including hemato-oncology and bone marrow diagnostic services.

Abo El-Rish Children Hospital, Cairo University

Visitor clinical hematologist, 7/2009-12/2009

I accomplished a training internship on all hematology procedures and lab methodologies for children including bone marrow aspiration and biopsy investigations.

EDUCATION

Jan. 2016-2020

Faculty of medicine, Al-Azhar University

Medical Doctorate of Clinical and Chemical Pathology (MD) :

I have successfully obtained my MD degree in clinical and chemical pathology with honor. My MD thesis was about "**Studying circulating angiogenic microRNA-27b and thrombospondin-1 (TSP-1) levels in patients with diabetic retinopathy**" and all my research work was via Taqman PCR and ELISA techniques on blood samples of diabetic retinopathy patients from my institution, RIO.

June 2016 – February 2018 Arab Institute for Continuing Professional Development

Professional Diploma in Infection Prevention & Control:

I have satisfactorily completed the required training & successfully passed the examinations of the Professional Diploma in Infection Prevention & Control at the Arab Institute for Continuing Professional Development (AICPD), Egyptian Medical Syndicate.

Dr_raghda_83@live.com *Mob: +201008141591* Address: Mogwra1, Building23n, New Fustat city, Cairo, Egypt, 17611

Oct. 2008-Dec. 2013

Faculty of Medicine, Cairo University

Master of Clinical and Chemical Pathology (M.Sc.)

The medical degree was obtained from Kasr Al-Ainy Faculty of Medicine in Dec. 2013 with very good grade. Courses covered: Hematology, Clinical Chemistry and Molecular Medicine, Microbiology, Immunology, and Parasitology.

Oct. 1999-Nov. 2005

Faculty of Medicine, Cairo University

Bachelor of Medicine, Bachelor of Surgery (M.B.,B.CH.)

The medical degree is obtained from Kasr Al-Ainy Faculty of Medicine in Nov. 2005 with very good grade.

PROFESSIONAL ACCOMPLISHMENTS, HONORS, AWARDS

- I have successfully completed a training workshop on "Hands-on basic techniques in cell culture and stem cell research" at the Medical Research Institute - Alexandria University, November 2016.
- I had received an online training course with certification on stem cell research and regenerative medicine at University of Toronto, Canada.
<http://hosting.desire2learncapture.com/CIHR/1/page/Calendar.aspx>
- I have attended the 32th annual conference of the Egyptian Society of Hematology in collaboration with the Egyptian Association of transfusion Medicine, January 2011.
- I have participated in the 1st international congress of clinical and chemical pathology department (girls' faculty of medicine- Al Azhar University) about total quality management in labs.
- I have awarded a certificate of completion of the International Republican Institute's (IRI) training workshop on new media strategy, Dubai, UAE, May 2010.
- I have awarded a certificate of completion of the International Republican Institute's (IRI) training workshop on electoral campaign school, Amman, Jordan, March 2010.
