Foldable one piece IOL scleral fixation

Mohamed Hussein
FRCSEd, MSc

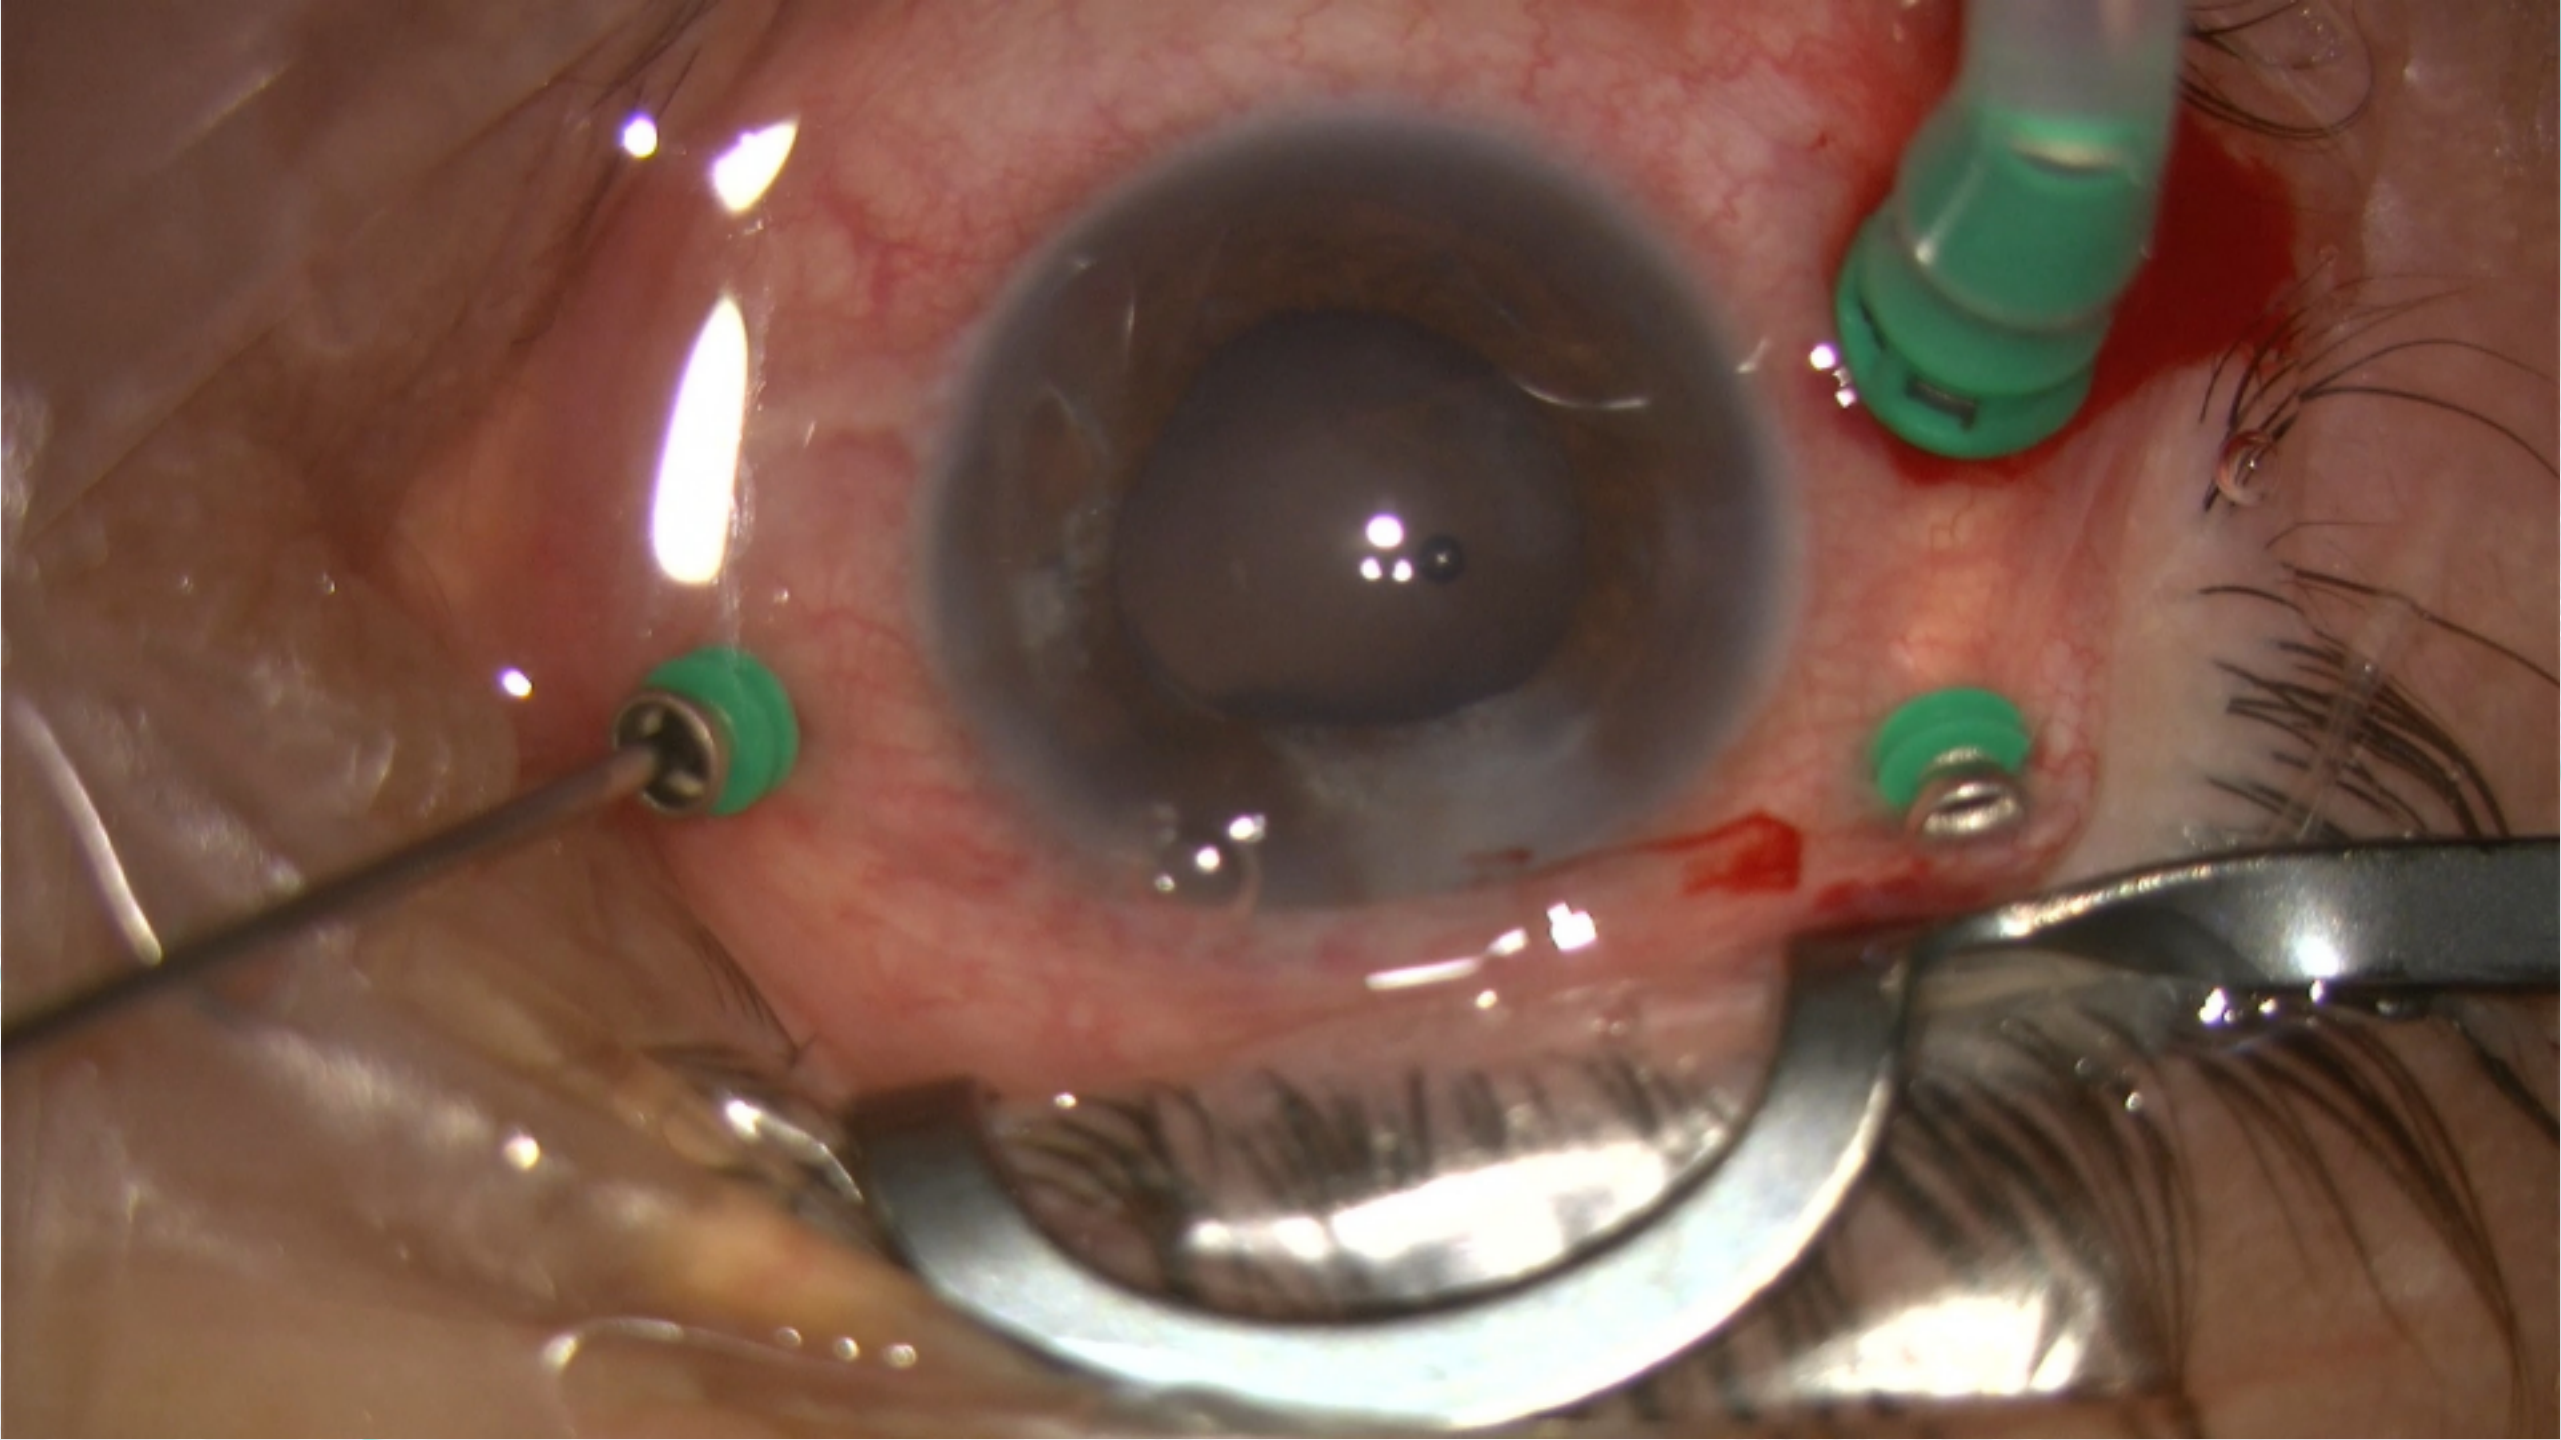

Multiple options for 2ry IOL in APHAKIA

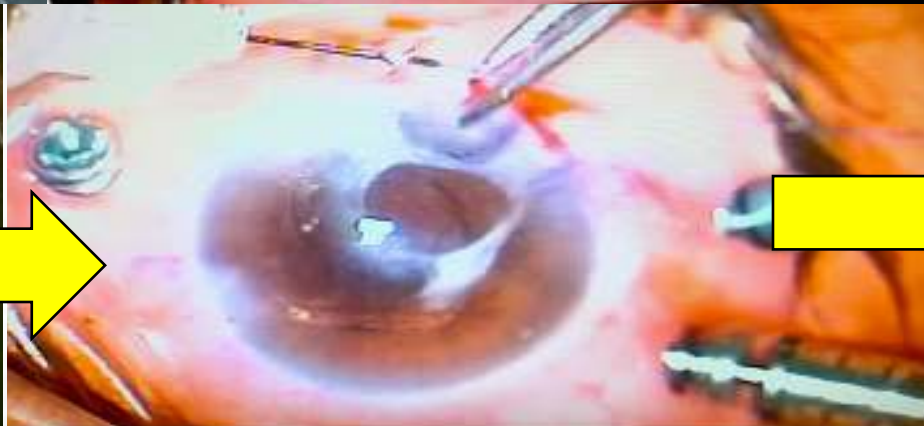

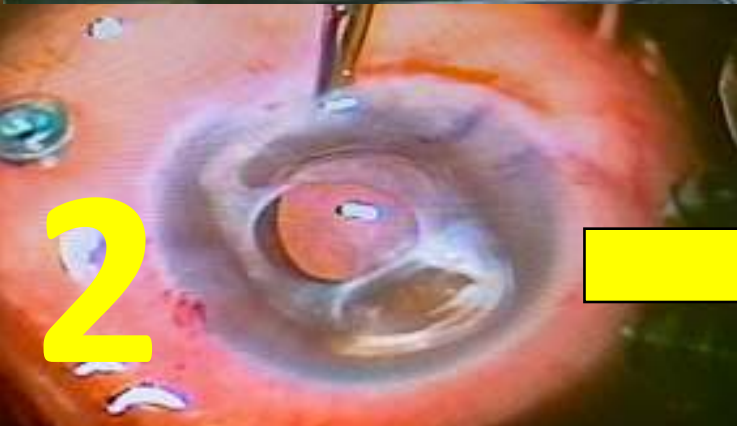

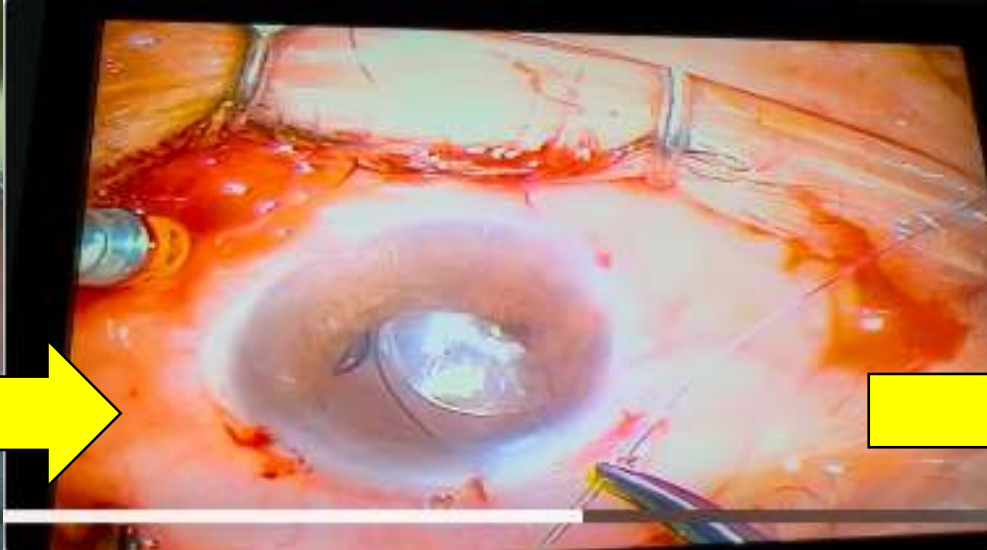

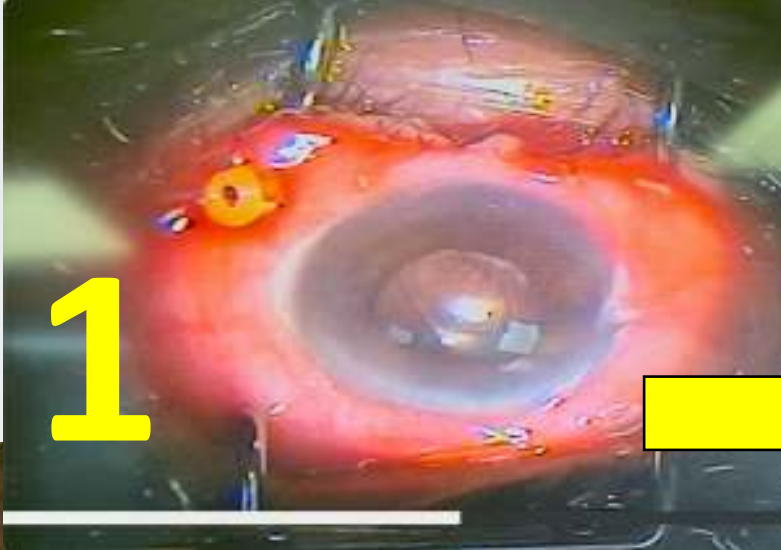

- Yamani
- Iris claw
- AC IOL
- etc ..

But , what if ?!

- Foldable one-piece IOL / IOL-bag complex is already present
dropped / dislocated without capsular support

Take home message

- In this scenario:
 - It is an effective and efficient technique
- However:
 - Learning curve
 - Previous IOL miscalculation is unavoidable
